PHILIPPINE ENERGY
INDEPENDENCE COUNCIL

We need to work together to benefit from the West Philippine Sea.

Innovation in energy requires us to behave differently.

- Systems Thinking- Postage Stamps vs. Counter Sheet of Stamps
- Healthy Competition and Collaboration
- Think Efficiency

This is the time to behave differently

"The reasonable man adapts himself to the world; the unreasonable one persist to adapt the world to himself. Therefore all progress depends on the unreasonable man."

George Bernard Shaw

Innovation in Energy:
Systems, Collaboration and Efficiency
