ENABLING UNIVERSAL HEALTH CARE

Leveraging Technology to Increase Health Access for Filipinos

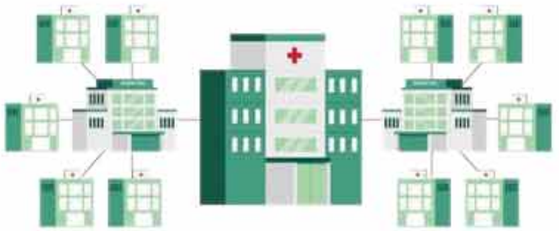

A Digital-First Approach to Strengthening Primary Care

What is Universal Health Care for the Filipino People?

Everyone is assigned to a Primary Care Provider

Establishment of health care provider networks for easy navigation

Everyone is automatically a **MEMBER**, with immediate eligibility

Healthcare spending is predictable.

Taken from the Universal HealthCare Act RA 11223

CareTech Health

The UHC Vision for the Philippines

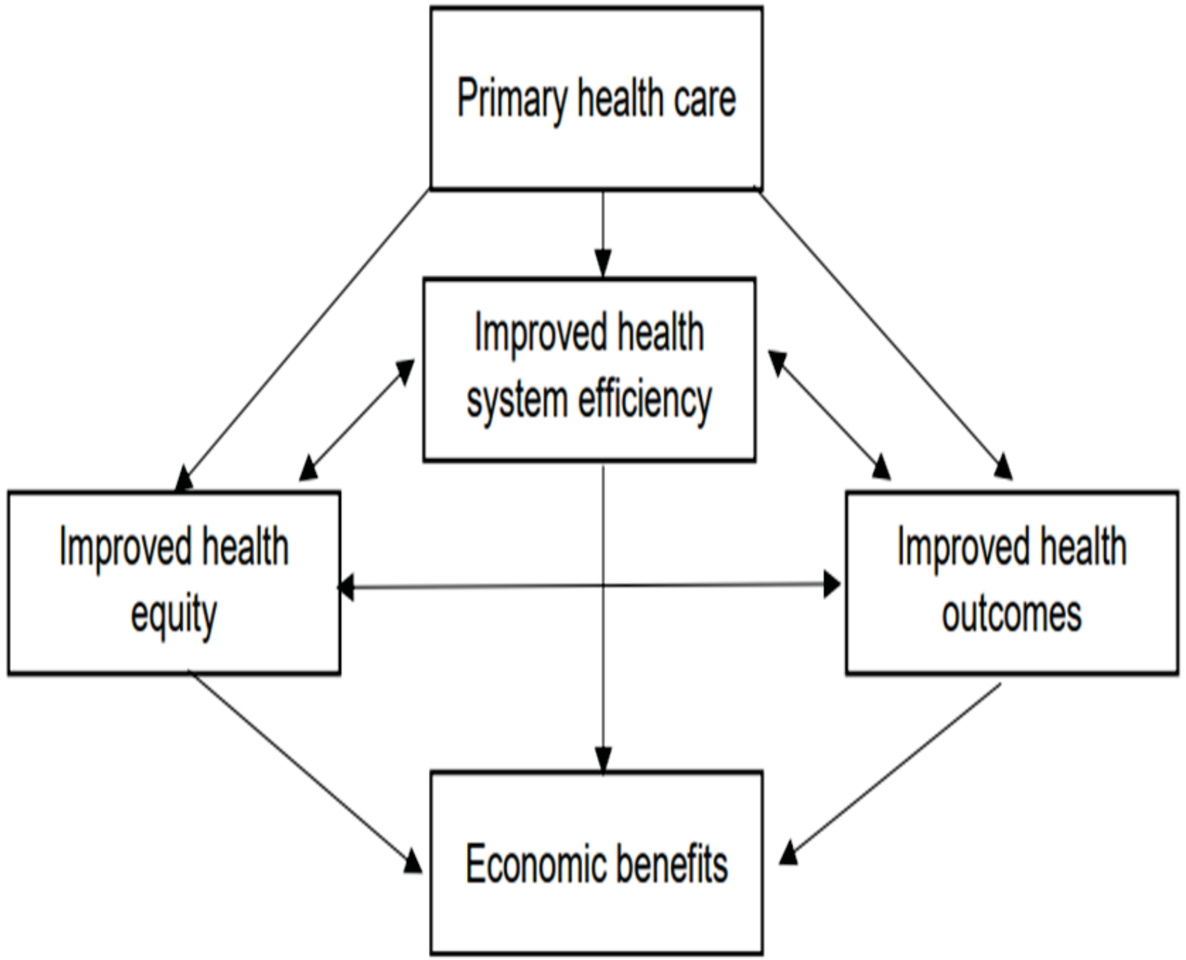

Every Filipino has access to quality, affordable, and comprehensive health services.

PHILIPPINES INVESTING IN PRIMARY CARE

- PHC has been proven to be effective in improving population health, health system efficiency, and health equity
- PHC leads to better health outcomes
- PHC is an integral part of the country's envisioned health system in the future

PhilHealth Konsulta
Konsultasyong Sulit at Tama

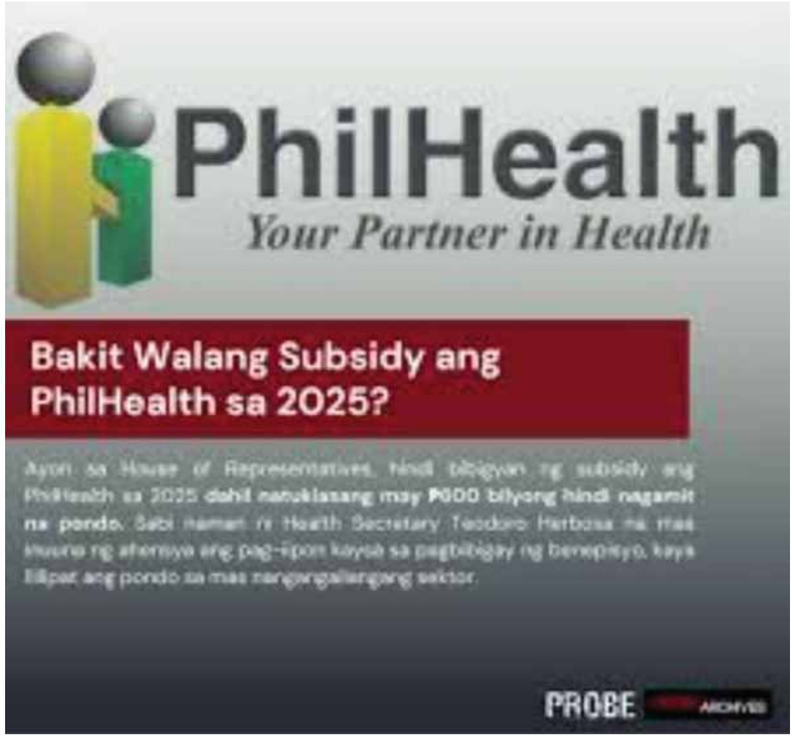

an expanded primary care benefit package to cover targeted (individual-based) services & commodities available for all Filipinos.

WITH ALL THE NEW BENEFITS AND IMPROVEMENTS, PHILHEALTH IS CONSTANTLY QUESTIONED

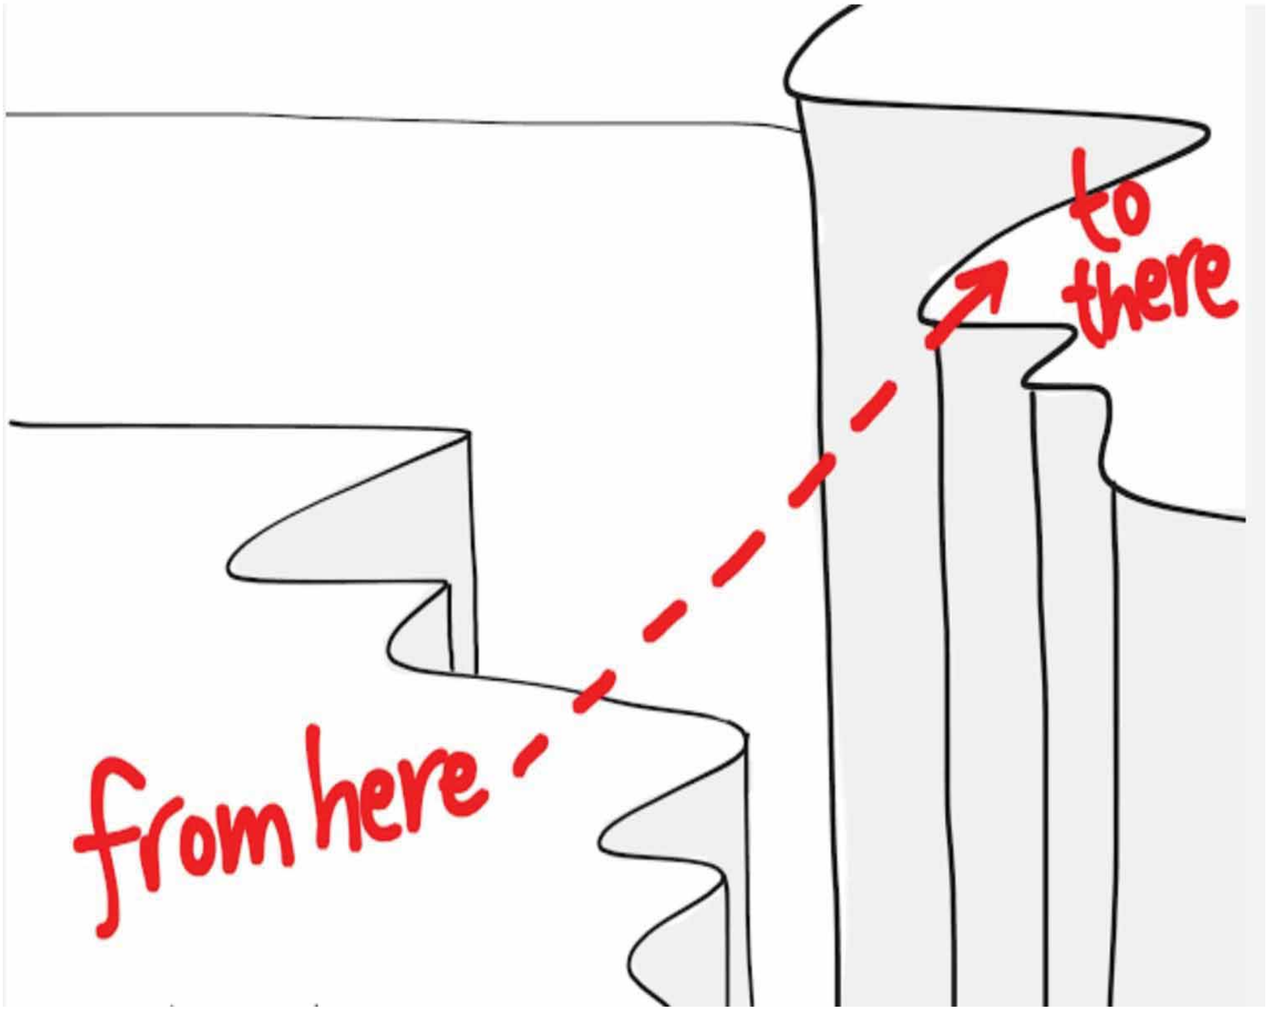

In 2024

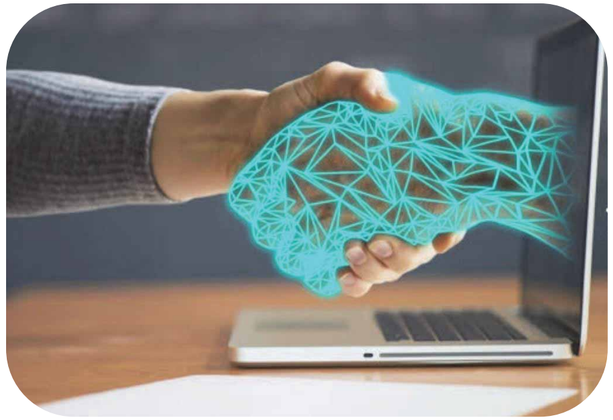

- PhilHealth spent about **7B** out of its 30B budget for Konsulta
- Philhealth has about **25M** Konsulta members out of 118M population

In 2025

- Consume the **40B** budget for Konsulta
- Double the number of registered = **50M**

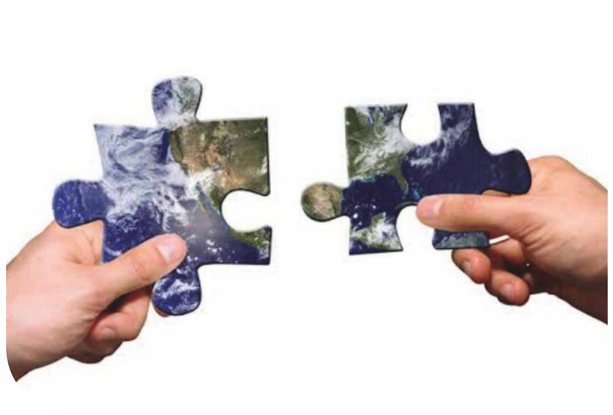

How can we help?

Technology Adoption

Process Improvement
